

# CARE @ HOME

THE RIGHT CHOICE FOR  
PRIVATE HOME CARE

## WHY US?

With Care At Home, our care providers are passionate about providing the highest level of care to you or your loved one. We strongly believe that good health is directly correlated to daily routines. Our patient specific care plans address all aspects of health including:

- Social interaction
- A clean living environment
- Ensuring communication with and access to medical care
- Creating healthy habits

Schedule your free consultation today with a Care At Home representative and see how we can make all the difference!

## OUR SERVICES

Our wide range of personal care, companionship care, and respite services can be mixed and matched to fit your individual needs. Whether you or your loved one need 24-hour care, or occasional assistance with specific activities, we work with you to create a customized care plan.

Our home care services include, but are not limited to:

- Bathing and dressing
- Medication reminders
- Transfers and positioning
- Companionship, fun outings
- Transportation, errands and M.D. appts.
- Exercise and ambulating assistance
- Light Housekeeping and laundry
- Toileting and incontinence care
- Meal planning, preparation and feeding
- Personal hygiene and grooming

### **Patient Specific Services/diagnosis Include but not limited to:**

- Fall Prevention, transfers, bedbound care
- Dietary restrictions / balanced diets
